Joseph J. Schwartz Heads New Bond Organization

"It is our immediate objective to enlist all elements in the Jewish communities of the U.S. in active participation in the Israel Bond campaign," Dr. Joseph J. Schwartz, Vice-President and Directing Head of the newly-formed Development Corporation for Israel, stated recently in a press conference outlining the plans and purposes of the campaign.

In accordance with an agreement with the Government of Israel, the bond sales organization was officially transferred on May 15 to the corporation.

A foremost leader in the field of large-scale rescue and resettlement of Jews in Israel and elsewhere, Dr. Schwartz, a member of the Ministry of Education, and a half, Dr. Schwartz succeeded Mr. Henry Morosoff as chief executive officer of the Israel Development Corporation for Israel, which was formed on May 15, 1955, the campaign, which was carried on during the past four years under the aegis of the American Financial and Development Corporation for Israel, sold a total of more than \$100,000 in Israel Bonds.

"On the basis of past experience, we are confident that Jews will continue to invest in Israel Bonds in increasing numbers," Dr. Schwartz said. "It is within reach of their goal of economic self-sufficiency. To the extent that we help them achieve this goal in the near future, we shall be hastening the realization of the basic ideas of an independent, dignified and progressive democracy of Israel."

The blueprint for the campaign was discussed yesterday at the first meeting of the new Executive Committee and the Board of Directors of the new organization held at the Waldorf-Astoria Hotel in New York.

Since January, 1951, Dr. Schwartz has directed the operations of the United Jewish Appeal as its Executive Vice-Chairman. He led the UJA in raising more than \$100,000 in nationwide campaigns during that period.

At the height of World War II, with the approval of the U.S. War Relocation Authority, Dr. Schwartz successfully negotiated the release of tens of thousands of Jews from Nazi Germany and occupied Europe.

Dr. Schwartz is a member of the American School of Oriental Research in Jerusalem from 1938 to 1940. He recently lectured, exclusively in Hebrew, in Israel. His reputation as an authority on biblical languages and archaeology has brought him to the attention of the Jewish community in Jerusalem.

It was also announced that Dr. Manahem Manno, graduate of Harvard College, the London School of Oriental Studies, and Trinity College, Dublin, has been appointed to the position of Director of the American School of Oriental Research in Jerusalem from 1955 to 1960. He recently lectured, exclusively in Hebrew, in Israel. His reputation as an authority on biblical languages and archaeology has brought him to the attention of the Jewish community in Jerusalem.

Dr. Ludwig announced that a limited number of air conditioning units would soon be released for the local market at a price between \$1,200 and \$1,500.

MINISTERS - The Director of the Jordan Public Information Office, Amri Nushabhi, will be appointed Minister to Bonn.

Higher Standard For Salk Vaccine

WASHINGTON, Sunday (UPI). - The Government is considering a further tightening of safety standards for the Salk polio vaccine. It was reported yesterday. Vaccine manufacturers and their specialists have been called to a conference here on Monday to discuss possible new requirements.

These might add several days to the testing procedure and mean a further slowing of the mass inoculation of children. Last night the Government - on the advice of Dr. Jonas Salk and other medical experts - issued a caution "no shots" signal for continuing the inoculation programme during the summer epidemic season. But the experts expressed reservations on the question of actually beginning the Salk course of three injections.

Polio Serum For French Children

PARIS, Sunday (UPI). - Vaccination of French children with a new French anti-polio vaccine will start soon, Professor Pierre Leprieux, head of the Virus Department of the Pasteur Institute, said yesterday. Although the vaccine, on which Professor Leprieux has been working for three years, is based "on the same principle" as that of the U.S.C. vaccine, it is a different product. "Until now the vaccine has not been used experimentally on humans," he said. "In the near future, in about two months, we will be giving it to groups of children in Paris and other towns."

Zionism Active in Burma, India, Says Jamali

PAKISTANI, former Iraqi Prime Minister who led his country's delegation to the Bandung conference, on Saturday warned against "large-scale Zionist activities" in both political and economic fields. "I noticed Zionism was strongly active mainly in Burma and India. We must face it with similar weapons," he declared in Baghdad. Meanwhile, the Syrian Government in a note to the League Secretariat in Cairo last night urged member states to take concerted action to dislodge the Japanese Government from all the Middle East islands to take up residence in Jerusalem.

Jordan Glee Over Mining Incident

The columnist of the Old City paper, "Al-Jihad," has expressed delight at the killing of three Israeli officers by an Egyptian mine which exploded under their patrol car on Tuesday night. He wrote, "I am not usually in favour of mining, but in this case, the mine which exploded under the car and took the life of the three Israeli officers." Praising the "correct road" and should have all talks with Israel on the basis of "force and aggression" can bring Israel to her senses, he declared.
